# Tallying Up For Thanksgiving

In the first place, let us be thankful that we are alive and live in the most prosperous and progressive country on the earth. In the second place, let us be thankful that we are able, with the abundance of means at our disposal, to provide ourselves with all of the necessities of life.

Necessities which in former times would be called luxuries are to-day necessary to our mode of living. Among these are the furnishings for the dining room. How much better to your own peace of mind on Thanksgiving day will be the fact that you have acquired one of our many beautiful Dining Room Suites. Shall it be massive Colonial Oak, or graceful Queen Anne in Mahogany? You will know better what will look well in your dining room after you have seen the splendid showing here. Prices range from \$32.50 to \$175.60; terms to suit.
